The only ones that have been sentenced are Steve Rolf and Justin Hubbard. Any other names are in the sealed DOJ investigative documents.

Thomas:

Can you share the names of TTEC employees involved in the data falsification issue ?

Reason I ask is teams have been compiling info re what work TTEC did at their respective bases. A question that is starting to be asked by LRA's is "have these same people worked at our base?"

Perhaps the only thing we can address is the two that have been sentenced to date?

Let me know thoughts. We can talk next week.

Thx  
Tony
